

WM. B. WILSON RE-ELECTED BY FRUITMEN

William B. Wilson, Biglerville, R. 1, was re-elected president of the Fruit Growers Association of Adams County at its annual meeting Saturday at Biglerville. Also named as officers were Oscar Rice Jr., vice president, and Guy Beamer, secretary-treasurer.

John U. Ruef, Pennsylvania State University extension pomologist, told the group: "We have an overproduction of poor apples and an underproduction of good apples." He was surprised by the growers, whom he has been serving for 31 by distribution of a copy of the State Horticultural Association of Pennsylvania News devoted entirely to Ruef's life history and honoring him for his long service to the state fruit growers.

John Pepper, Pennsylvania State University extension specialist, told the group that experiments show that a weak combination of two or more materials may be more effective than a strong application of a single material in some instances.

Researchers Talk

Dean Asquith reported on two new insecticides, Guthion and Sevin, and said that, because of their effectiveness, "the grower who now tolerates coddling moth has only himself to blame."

Dr. Fred Lewis went over the revised spray schedule for the year. Dr. Lewis spoke for Dr. Carleton Taylor, Pennsylvania State University Extension specialist, who was scheduled to speak Saturday, but who was hospitalized by a heart attack.

Wesley Kriebel, area marketing agent, told the growers: "Just as the spray schedules change so the marketing picture changes. Today maintenance of a quality product is vital. There are more large buyers and fewer smaller ones. The large buyers must have a uniform quality and standard size."

Adopt Resolutions

Harvey Raffensperger reported for the Resolutions committee. Resolutions were adopted thanking the Upper Adams School Board and the Bendersville Fire Co. for use of facilities for meetings. The Adams County Farmers Association was thanked for its services and a resolution of appreciation for Carlton Taylor was adopted.

LOCAL CHURCH FAILS TO AGREE ON \$55,000 BUY

Gettysburg Presbyterians spent nearly three hours Sunday evening at a special congregational meeting and came away after a tie vote on a motion to buy the Warren property which adjoins the church on the south along Baltimore St. The motion was ruled "lost."

The meeting had been called to hear the report and recommendations of a Building and Renovation committee which has been at work for the last year. The committee report, presented by its chairman, Oren H. Wilson, recommended that the property should not be purchased. The church holds an option to buy the Warren property, the former Judge Swope residence, for \$55,000. The option expires March 20.

A minority report was read by Mrs. C. Harold Johnson, a member of the committee, and two other members of the committee of 15 took the floor to announce that they had changed their positions and now wished to have the church buy the Warren property.

57 To 57

After two hours of questions, discussion and debate, the voting on a motion to buy, on a rising vote, the tellers announced a count of 57 for and 57 against. It was ruled that the motion to purchase was lost for lack of a majority and the meeting adjourned a short time later.

Other recommendations of the committee on changes and improvements in the church sanctuary and steps to provide more space for a crowded Church School were referred back to the committee.

The pastor the Rev. Robert A. MacAskill, conducted the opening devotions and presided at the business meeting. After the meeting the Women's Christian Fellowship served refreshments.

James R. Oyler Wins With Lincoln

James R. Oyler Jr., 12-year-old son of Dr. and Mrs. James Oyler, Springs Ave., was named the winner in a talent contest held for parochial school children of the Harrisburg Diocese of the Catholic Church.

Young Oyler won the honor at a diocesan contest Sunday at Lebanon with a recitation of Lincoln's Gettysburg Address.

He had won the local parochial school contest with the presentation, then captured the championship of the Conewago Deanery area of the National Council of Catholic Women February 15 at McSherrystown.

As the winner in that event he competed against similar deaneery victors through the diocese which covers the central Pennsylvania area.

WOMEN IN LIFE OF G. W. TOPIC FOR DAR EVENT

Mrs. Carl H. Baumgardner, Littlestown, was the speaker at the Washington Birthday tea held Saturday afternoon at the YWCA building by the Gettysburg Chapter Daughters of the American Revolution. Mrs. Harold H. Reuning, regent, welcomed the members and guests at the annual observance.

Mrs. Baumgardner, a member of the Littlestown High School faculty, and a member of the DAR Chapter, spoke on "Women In The Life Of Washington." Beginning with his mother, Mary Ball Washington, she emphasized the deep religious influence she had on her son, George, in addition to instilling in him the value of punctuality, strict discipline and respect for superiors.

"The second woman in his life was the one he really loved," Mrs. Baumgardner said. "She was Sally Carey, later married to George Fairfax, who was described as very beautiful, vivacious and greatly in demand at all social events." Quoting from Washington's diary, Mrs. Baumgardner went on to show that he never really forgot Sally.

Solos And Minuet
The third woman in his life was the one he married, Martha Dandridge Curtis, a charming and poised woman who presided with elegance over Mount Vernon. She was loved by all and especially the Revolutionary soldiers who referred to her as Lady Washington.

Mrs. Joe McKean of the Kee-fauver Elementary School faculty presented three vocal solos. She sang "Charity," Hageman; "Italian Folk Song," Sibella, and "Only A Rose" by Friml. She was accompanied at the piano by Mrs. Jacob Heikkinen.

Miss Damarie Deardorff and Miss Virginia Lee Deardorff, members of the Marsh Creek Society of the Children of the American Revolution, dressed in colonial costume, danced to minuets by Haydn and Mozart. They were accompanied by their mother, Mrs. Robert Deardorff, who also played a piano solo.

TO PLAN REUNION

Members of the Class of 1934 of Gettysburg High School will meet Thursday evening at 8 o'clock at the American Legion Club home, Baltimore St. to make plans for the forthcoming 25th anniversary meeting of the class. President Robert Shriver announced today.

Don't Fail To Read

"The Day Christ Died" Beginning Wednesday; Author Tells Of Book

On Wednesday, February 25, The Gettysburg Times will begin publication of Jim Bishop's best-selling book, "The Day Christ Died."

The following is the author's own story of the famous book.

By JIM BISHOP

This is a book about the most dramatic day in the history of the world, the day on which Jesus of Nazareth died. It opens at 6 p.m.—the beginning of the Hebrew day—with Jesus and ten of the Apostles coming through the pass between the Mount of Olives and the Mount of Olives enroute to Jerusalem and the Last Supper. It ends at 4 p.m. of the following afternoon, when Jesus was taken down from the cross.

This book is, I hope, a practical approach to the events of that day; a journalistic historian's approach rather than that of a theologian. Most of all, I wanted to see Jesus, the Man, during this

DEDICATE NEW PARLOR AT ST. JAMES SUNDAY

The Maude Miller Room, which has been redecorated and furnished to serve as a meeting room for adult groups in the St. James Lutheran Sunday School, was dedicated Sunday afternoon at 3 o'clock in the presence of members of the Maude Miller Bible class of the Sunday School and guests.

The room occupies the west side of the first floor of the former St. James Lutheran parsonage next door to the church on York St.

A highlight of the program was the presentation and unveiling of two pictures. One is a memorial portrait of Miss Maude Miller and the other a portrait of Mrs. Ralph R. Gresh, for 15 years a teacher of the class.

"Most Beloved Teacher"

The memorial portrait of Miss Miller was unveiled by Dr. Edgar A. Miller, Gettysburg, her brother. The tribute to Miss Miller was read by Mrs. Eva Pape, a member of the class, who described her as "one of the most beloved teachers ever to serve this community." She recalled that public schools closed on the day of her memorial service in March, 1935. "For a full quarter of a century she gave herself unstintingly to the service of her Lord to whom her life was committed and to the church she loved so dearly," Mrs. Pape said. She was teacher of the class from 1910 to 1935.

The portrait honoring Mrs. Gresh, wife of a former pastor of the church, was unveiled by Mrs. Wilbert Baker, class president, and by Mrs. Robert Smith and Mrs. Howard Hartzell. The tribute to Mrs. Gresh was presented by Mrs. Baker. The picture was presented by the three women who took part in the unveiling. Mrs. Gresh served as teacher of the class from 1941 to 1956, and Mrs. Baker pointed out it was during those years that the class started building a fund for a church parlor which became a reality on Sunday. Most of the money for the new parlor was raised while Mrs. Gresh was teacher, Mrs. Baker noted.

Mrs. Baker said: "Everyone who knew her agrees she was a friend to all, partial to none. As our teacher, she was superior in her interpretation of Holy Scripture, making it live. Our members learned much because she gave so much of herself, letting the light of God's Word shine through to us who were sitting at her feet."

Ten Follows Program

Sunday's program opened with the hymn, "Beautiful Savior." Scripture was read by Mrs. A. A. Maust and Miss Vestal Stallsmith offered prayer. There was a duet by Mrs. Swartz Hoke and Mrs. (Continued On Page 3)

Blue And Gold Dinner Planned

The annual Blue and Gold covered dish dinner of Cub Pack 79 will be held Wednesday evening at 6 o'clock in the dining room of St. James Lutheran Church. New boys will be inducted and awards will be made during the affair.

The meeting will start promptly at 6 p.m. so that it can be concluded by 7:30 o'clock when the weekly Lenten service will be held in the church. Each family is asked to bring one covered dish. In addition each family is to provide its own meat course and table settings.

On Tuesday evening at 8:30 o'clock the dining room will be prepared for this dinner meeting.

Charter New Sorority

President Makes Brief Visit Here

President Eisenhower made an unexpected visit to his farm Sunday arriving here by car about 10:30 o'clock. He first went to the cottage of his son and daughter-in-law, Major and Mrs. John Eisenhower, located on a corner of the farm property. The younger Eisenhowers and their children had arrived earlier. After a brief visit at the Eisenhowers the president walked around the farm property. He was accompanied by Dr. Walter Tkach, one of the White House physicians.

The president returned to Washington shortly after 4 p.m.

CHARTER 6TH SORORITY HERE

The sixth sorority on the campus of Gettysburg College came into being formally Saturday night when Gamma Beta Chapter of Gamma Phi Beta sorority was officially installed in ceremonies at a banquet in Hotel Gettysburg. The new local chapter is the 67th in the international Greek letter organization.

Mrs. Gerald Arnold, National Panhellenic Conference delegate who served as toastmistress, welcomed the newly-initiated collegiate members, their student counselors, members of the Beta Beta Chapter, University of Maryland and the alumnae initiates as well as alumnae from Philadelphia, Washington, D. C., and College Park, Md.

Alumnae Initiates were introduced by Miss Nancy Mitchell, alumnae president. Letters and telegrams of congratulations were read by Mrs. Charles Cooper, province alumnae director, and Mrs. Charles Akre, province collegiate director.

The Gamma Beta Chapter directed by Miss Sally Africa, sang "Gamma Phi Girl."

Congratulations

Miss Mary T. McCurley, director of expansion, and Miss Barbara Partain, national traveling secretary, also extended congratulations.

The guest speaker, Mrs. C. T. Olsen, international grand president, chose for her topic, "Many Members." Following her talk, she presented the charter to Miss Cynthia Smith, incoming chapter president, who accepted on behalf of all the members.

The evening was highlighted by the opening of numerous gifts received from other collegiate and alumnae chapters. Ceremonies were concluded with all Gamma Phi Betas singing their traditional closing song, "Remember."

HONOR GUARD TO MEET

The Honor Guard of the Albert J. Lentz American Legion post will meet this evening at 8 o'clock at the Legion Club home, Baltimore St. The session was originally scheduled for February 9 but was postponed at that time to today.

PTA TO MEET

Whether children in school should be grouped according to age or according to ability will be discussed this evening at a meeting of the Bermudian Springs Jointure Parent-Teacher Association at York Springs High School. Members of the panel will include Miss E. Elizabeth Rutledge, Mrs. Thomas Pyle, Albert Townsend and Rev. Amos D. Meyers.

4 BALTIMORE MEN NAMED TO ADVISORY UNIT

Four prominent Baltimoreans have been appointed to the Lay Advisory Board of Saint Joseph College, Emmitsburg, Sister Hilma Gleason, president, announced the appointments in conjunction with the plans for celebration of the college's 150th anniversary this year.

The new advisors are: John J. Dilli, president of Publication Press, Inc.; Dr. Vincent dePaul Fitzpatrick, a prominent obstetrician and gynecologist; Frank X. Hennessy, community relations director for the National Brewing Company, and Thomas F. McNulty, president of WWIN.

Mr. Dilli, active in Holy Name Union for many years, is president of the Laymen's Retreat League in Baltimore. He is a member of the board of directors of Saint Agnes Hospital, and a member of the board of directors of the Sheltered Workshop of the Maryland Society for the Mentally Retarded.

Loyola Alumnus

Dr. Fitzpatrick, a Loyola High School alumnus, is a graduate of Loyola College and the University of Maryland Medical School. In addition to serving on the staffs of several Baltimore hospitals, he has been associated with educational and medical interests in Baltimore.

Frank Hennessy is a veteran of 25 years in the broadcasting and advertising fields in Maryland. He has received civic and church citations and recognition for his work with youth groups, hospitalized veterans and the handicapped.

In addition to his interest in WWIN Radio, Mr. McNulty is president of the Foundation for Mentally Retarded and Handicapped Children, and active in the Chesapeake District of Civitan International. Associated with many business and social clubs, he has

TO RECOGNIZE FRAT SERVICE

A new social service and help week trophy, to be sponsored annually by Alpha Tau Omega fraternity at Gettysburg College, will be presented for the first time March 13. The recipient will be the campus fraternity judged to have conducted the most constructive Help Week and to have performed the most charitable acts during the year.

Judging will be by two faculty members, two townspeople and two students. Judges this year will be townsman William G. Weaver, chairman of the citizens' advisory committee to the college, and District Attorney Daniel Teeter; professors M. Scott Moorhead and Joseph Wolfinger and students Keith Roberts and Joseph Rocklein.

All fraternities are eligible except ATO, the donor. The 36-inch trophy may be retained by any group winning three successive years. Judges' ratings will be on the following basis: 30 per cent, most constructive Help Week; 10 per cent, originality in choice of projects; 20 per cent, service to college and town, and 40 per cent, social welfare services.

TWO INJURED, \$2,900 DAMAGE IN CRASH HERE

Two persons were injured, neither seriously, and damage totaled \$2,900 when two cars collided a half mile west of here near the intersection of Reynolds Ave. and the Lincoln Highway about 11 o'clock Saturday night.

State police said William R. Swisher Jr., 20, E. Middle St., had driven his car from the avenue to the Lincoln Highway and was proceeding east when an eastbound sedan driven by Leon E. Showers, 25, Aspers, smashed into the rear of the Swisher car.

After the impact the Swisher car came to rest off the road and the Showers auto went over an embankment on the south side of the highway.

Damage Of \$2,900

Damage was estimated at \$1,200 to Showers' auto and \$1,700 to the Swisher sedan.

Swisher received cuts of the hand. Miss Annabell Cauka, 19, of Philadelphia, a student at the college here, who was a passenger in the Swisher car, was removed by a passing motorist to the Warner Hospital where she was treated for lacerations of the right wrist and knee. The occupants of the front seat of the Swisher car were hurled into the back seat by the force of the impact on the rear of the vehicle.

State police were called twice to accidents at Cross Keys Sunday. No one was injured in either crash.

Other Mishaps

At 3:30 o'clock Sunday morning, according to police, John B. Bindas, 29, Cambridge, O., was traveling north on the Hanover-Carlisle Rd. and failed to note a stop sign. His vehicle struck an eastbound auto on the Lincoln Highway driven by Dorsey N. Rohrbaugh, 61, Thomasville R. 1. Damage was estimated at \$125 to each car.

At 8:30 o'clock Sunday evening autos operated by Harry Rummel, 19, Hanover R. 2, and John S. Guenther, 47, Bryn Mawr, collided at Cross Keys causing \$150 damage to the two autos. Police said Rummel pulled into the intersection from the Hanover-Carlisle Rd. and had turned west on the Lincoln Highway when his sedan was struck by the westbound Guenther car.

Youth Council To Hold Dawn Service

The Gettysburg Youth Council made plans for an Easter sunrise service to which the public will be invited at their meeting Sunday afternoon in the pastor's study at the Presbyterian Church. Each youth group in the town will be asked to elect its representatives to this year's Youth Council and then the representatives will choose officers. Four churches, the Methodist, St. James Lutheran, Baptists and Presbyterians, were represented Sunday. A. N. McIlhenny, the president, presided.

BIRTHDAY ON SATURDAY

Tom George, proprietor of the Gettysburg Shoe Shine parlor, Chambersburg St., will celebrate his 64th birthday anniversary on Saturday. Mr. George has been a resident of Gettysburg since 1915.

CAR IS DAMAGED

Terry Harmon, Chambersburg St., reported to borough police Sunday noon that his 1954 Plymouth sedan had been struck by an auto while it was parked in front of the Methodist Church. Damage was confined to the rear fender skirt he said.

FIRE IN TAVERN

Gettysburg firemen responded to an alarm from Ned's Tavern, Chambersburg St., this morning when a carelessly thrown cigarette started a fire in some dirt on the floor. Damage was slight.

Mobilized U. S. Can Stop Reds

WASHINGTON (AP) — The United States has enough strength to resist force in Berlin if the nation is willing to mobilize in time, the Army chief of staff has told Congress.

"Mobilize the entire nation?" Gen. Maxwell D. Taylor was asked.

"Yes," replied Taylor. "You cannot play around in this business unless you have a lot of blue chips in your pocket. This is unlimited power."

Taylor's testimony to the Senate Disarmament subcommittee at a hearing February 2 was made public over the weekend.

C. C. BREAM, 83, EX-RESIDENT OF COUNTY DIES

Charles Clinton Bream, 83, former Adams County farmer and local garageman, died Sunday afternoon at 4:30 o'clock in the Quakertown, Pa., hospital where he had been a patient for 12 days. Death followed a long illness. He would have been 84 on March 3.

Mr. Bream was a son of the late John A. and Florence (Markley) Bream, and was born in Menallen Twp. He and Emma Ann Eliza Bowers of Tyrone Twp. were married January 29, 1901, in St. James Lutheran Church.

Mr. Bream farmed most of his life but for 10 years after World War I, he operated the "Center Square Garage" on York St., opposite the Gettysburg National Bank. He farmed in Tyrone, Mt. Pleasant, Highland and Latimore Twp. He lived at Seffner, Fla., near Tampa, for 18 years from 1941 to 1959.

Services Here Tuesday

Mr. Bream was a member of the St. James Lutheran Church here.

Surviving are his widow and these children: Mrs. John Reigher, Harrisburg; Dr. Robert A. Bream, associate professor of education at Lehigh University, Bethlehem, and former assistant superintendent of Adams County schools; Wilmore R. Bream, Reno, Nev., and Mrs. Dennis Freed, Quakertown R. 4.

There are also five brothers and sisters: Mrs. George Gulden, Carlisle; Mrs. Robert Cleveland, Gettysburg R. 4; Mrs. Emmert Reed, Gettysburg R. 3; Mrs. Fred Eicholtz, Gettysburg R. 3, and Bruce M. Bream, York. There are six grandchildren and two great-grandchildren.

Funeral services Tuesday afternoon at 2 o'clock at the Peters Funeral Home, Carlisle St., with Dr. Norman Richardson, member of the faculty of Gettysburg College, officiating. Interment in the Biglerville Cemetery. Friends may call at the funeral home from 12 noon until the hour of the funeral on Tuesday.

Friends and relations are asked to omit flowers and make a "living memorial" contributions to the Adams County Free Library for books for children.

Couple Hurt When Cars Skids On Ice

Mr. and Mrs. James L. Taylor, Fort Meade, Md., were injured this morning when their car skidded on the Harrisburg Rd. a quarter mile north of Clear Springs and crashed into a guard rail. Damage to the vehicle was estimated at about \$600.

Mr. and Mrs. Taylor were brought to the Warner Hospital by the York Springs Fire Co. ambulance operated by Donald Kemper and Roger Guise.

Mrs. Taylor was unconscious after the accident, recovering as the ambulance approached Gettysburg.

2 Boys Rescued From Pacific Ocean Tides

SEASIDE, Ore. (AP) — Two boys, one injured by a 35-foot fall, were pulled up a rugged 100-foot cliff from an Oregon beach Sunday night in a daring after dark rescue race against incoming Pacific Ocean tides.

The two lowered a rope and climbed down the face of the rugged cliff to the beach. But they were unable to climb back up their wet rope.

Charles Kenney, 17, Netarts, Ore., climbed almost to the top, then started sliding. He slipped faster and faster, finally falling the last 35 feet. He suffered an injured shoulder and a cut hand. Ron Makinster, 18, Tillamook, Ore., remained below.

Mr. and Mrs. Donald J. Kangas of Portland, leading a hiking party in the rugged coastal area some

20 miles down the coast from here, saw the boy fall and signaled they would go for help.

A 16-man rescue party reached the area from nearby Nehalem. Dr. Ralph Perkins was lowered in the darkness.

"We arranged that I should use the boy's rope as a signal," Dr. Perkins said, "but I lost it in the dark going down."

Perkins and the two boys were stranded. The rescuers above lowered state policeman Dave Wilson half-way down. He spotted the three with a flashlight and relayed their hand signals.

The injured boy, in a basket "litter," and the other boy, along with Dr. Perkins, were pulled up safely just as the tide began closing in on the narrow strip of rock and sand.

SCHULTZ HOME, BOWLING ALLEY BURGLARIZED

Burglars broke into the home of former Sheriff Dorsey J. Schultz, W. Lincoln Ave., and the Upper Adams Lanes (bowling alley) between here and Biglerville Sunday night and early this morning.

At the Schultz home the burglars jimmied open a door from a breezeway to gain entrance, ransacked a bedroom and stole more than \$300 in cash and articles.

At the Upper Adams Lanes they stole about \$10 in cash after rifling through various files and breaking open the coin boxes on a pinball machine and a small bowling machine.

The Schultz burglary occurred sometime between 6:15 and 10:45 o'clock Sunday night; the bowling alley burglary sometime between midnight and 7 o'clock this morning.

Ransacked Bedroom

Mr. and Mrs. Schultz left their home at 6:15 p.m. to visit their son, William Schultz, and family at Fairfield. Upon their return they found a blind pulled down and the kitchen door partly open. In the house they found that everything in their bedroom had been scattered about. Clothing had been pulled out of the closet and bureau drawers had been dumped by the burglars. They dropped about a dozen burned matches in various rooms.

From the bedroom the burglars took a small box containing money, an antique cap and ball 31 caliber Sammy Colt revolver with a picture of a stage coach robbery on the cylinder which

BAND TO GIVE CONCERT APR. 3

The annual spring concert of the Biglerville High School bands will be presented on Friday, April 13, it was announced today by Harold W. Sanders, director of instrumental music in the Upper Adams Joint School System.

The 100-piece senior high school concert band will present a guest artist from Washington, D. C., Sidney Forrest, as clarinet soloist. He has had many years experience as a soloist including four years as clarinet soloist with the United States Marine Band during World War II. He has also played first clarinet with the Miami Symphony, National Symphony and the Radio City Music Hall Symphony.

"This year's one-hour twenty-minute program will be one of the most challenging ever presented by the young Upper Adams musicians. Included on the program will be the finale of the Tchaikovsky Symphony No. 4 in F Minor and the quite difficult Tulsa, a symphonic portrait in oil for band by Don Gillis," Sanders said.

Student committees assisting in the preparation of the program will be announced this week.

MARS BY 1971 PREDICTION

WINTER PARK, Fla. (AP) — The first U. S. manned space expedition will land on the planet Mars in 10 to 15 years, scientists predict.

"In the not too distant future such a trip can be made and has to be made," the Army's top space experts said Sunday.

Dr. Werner von Braun, technical director of the Army Ballistic Missile Agency, and three of his colleagues outlined the journey in a lecture at Rollins College.

Von Braun described the expedition as "the crowning achievement of the man-in-space program now in progress."

The scientists said the round trip, using two giant spaceships, would be completed in 32 months.

The best opportunity will come next on Aug. 6, 1971, when the two planets are in closest relation—34.6 million miles.

Von Braun, German-born missile pioneer, shared the rostrum with ABMA Deputy Technical Director Eberhard F. M. Rees; Arthur Rudolph, project director of the solid fuel Pershing missile program and Fritz Mueller, deputy director of the ABMA Guidance and Control Laboratory.

Highways Slippery For Morning Rush

About two inches of snow fell in the Mt. Newman area this morning and about half that amount elsewhere in the county but time and temperature combined to cause a number of traffic delays because of slippery road conditions.

The Department of Highways, which had no particular weather forecast alert until 8 a.m., had, before that hour, mobilized in the county and had 33 trucks and 99 men at work spreading non-skid materials over the icy highways. A few crews were still at work shortly after noon today, but by then warmer temperatures had resulted in slushing of most of the snow and sleet which had combined to make early morning travel hazardous.

Three plows were at work in the Mt. Newman area, but elsewhere the battle was with grit spreading trucks. Today was to have been a holiday for highway workers, as well as for other state employees and for workers in banks and many offices and plants. The holiday lessened the commuter traffic which is usually at its height when the roads were at their worst, between 6:30 and 9 a.m.

MARS BY 1971 PREDICTION

WINTER PARK, Fla. (AP) — The first U.S. manned space expedition will land on the planet Mars in 10 to 15 years, scientists predict.

"In the not too distant future such a trip can be made and has to be made," the Army's top space experts said Sunday.

Dr. Werner von Braun, technical director of the Army Ballistic Missile Agency, and three of his colleagues outlined the journey in a lecture at Rollins College.

Von Braun described the expedition as "the crowning achievement of the man-in-space program now in progress."

The scientists said the round trip, using two giant spaceships, would be completed in 32 months.

The best opportunity will come next on Aug. 6, 1971, when the two planets are in closest relation—34.6 million miles.

Von Braun, German-born missile pioneer, shared the rostrum with ABMA Deputy Technical Director Eberhard F. M. Rees; Arthur Rudolph, project director of the solid fuel Pershing missile program and Fritz Mueller, deputy director of the ABMA Guidance and Control Laboratory.

Highways Slippery For Morning Rush

About two inches of snow fell in the Mt. Newman area this morning and about half that amount elsewhere in the county but time and temperature combined to cause a number of traffic delays because of slippery road conditions.

The Department of Highways, which had no particular weather forecast alert until 8 a.m., had, before that hour, mobilized in the county and had 33 trucks and 99 men at work spreading non-skid materials over the icy highways. A few crews were still at work shortly after noon today, but by then warmer temperatures had resulted in slushing of most of the snow and sleet which had combined to make early morning travel hazardous.

Three plows were at work in the Mt. Newman area, but elsewhere the battle was with grit spreading trucks. Today was to have been a holiday for highway workers, as well as for other state employees and for workers in banks and many offices and plants. The holiday lessened the commuter traffic which is usually at its height when the roads were at their worst, between 6:30 and 9 a.m.

Gary Sanders Gets God-Country Award

Explorer Scout Gary G. Sanders, 14, son of Mr. and Mrs. Glenn Sanders, Fairfield R. 1, received the God and Country Award during morning worship services in the Iron Springs Brethren in Christ Church. The Rev. James L. Leshner, pastor, made the presentation to the Life Scout whose service in Scouting includes that as patrol leader, den chief for a Cub den and junior assistant Scoutmaster.

The Rev. Mr. Leshner cited Explorer Sanders' service record and that he took special training on two occasions at Camp Tuckahoe and took the den chief's training course at Dover. The award was approved by the local post, the Black Walnut District, the Iron Springs Sunday School board and the national Boy Scouts of America, the pastor said.

Explorer Sanders has earned 32 merit badges and recently attained Life rank. He is now working (and waiting since six months must elapse before he can qualify) for his Eagle award. He has been in Scouting for two years.

Airlift Food To Wild Animals

PHILADELPHIA (AP) — Hungry, wild animals in frozen mountain regions of west-central Pennsylvania are getting food by airlift.

The drops are being made by Air Force reservists from the suburban Willow Grove Naval Air Station, generally on a once-a-month basis.

Yesterday, a C-119 Flying Box-car, manned by a crew from the 328th Troop Carrier Squadron of the 512th Troop Carrier Wing, covered portions of Centre, Blair and Clearfield counties.

The men scattered nearly 20,000 pounds of field corn over snow-covered forest land for deer, turkey, grouse, squirrels, rabbits and other wildlife that find food scarce these wintry days.

The plane made two flights over the area.

"SO MUCH IN COMMON"

Men have so much in common . . . each has a beating heart . . . if men have much in common . . . why do they drift apart . . . all men know joy and sorrow . . . though each has a different name . . . regardless of their race or creed . . . in this they are the same . . . no man has a monopoly . . . on beauty or on health . . . God gives contentment to us all . . . a free but treasured wealth . . . love and time are ours to use . . . nature is owned by all . . . some men are bad, most men are good . . . each answers his own call . . . faith and hope are priceless prizes . . . in which all can share . . . be we rich or be we poor . . . peace is our own affair . . . men have so much in common . . . each has a beating heart . . . if men have much in common . . . why do they drift apart.

SCHULTZ HOME

(Continued From Page 1)

had been a prize possession of the former sheriff and for which he had received a number of offers. The box also contained a pint of whiskey bought in Kentucky as a souvenir during a trip there a number of years ago.

Get \$266 In Cash

Also stolen were \$90 in Liberty Bell half dollars, \$10 in silver dollars, \$3 in buffalo nickels and other cash totalling \$163. The total cash stolen from the Schultz bedroom was \$266. The pistol was valued at "between \$45 and \$90."

The burglars also entered the den at the home, passed up a shotgun and a rifle on a rack but took Schultz's application for his car license and the check he had written to the department of revenue for his new tag.

The burglars also removed two wallets from the Schultz home, one with the initials "D.S." on it. The other, presented to Schultz by the Pennsylvania Sheriff's Association, carried the seal of the state sheriffs' association.

At Bowling Alley

Daniel Wolff reported that the burglars at the Upper Adams Lanes broke a pane of glass in a rear door, then reached in and pushed down a lock to gain entrance. They opened a cash drawer and removed about \$120 in pennies and about 80 cents in nickels.

A box containing pencils, scoring supplies, etc., beside the drawer, was apparently looked through and then placed on the floor.

Shoes in racks were moved, apparently in search for a money bag. In the office the burglars went through various filing cases. They found some cash register tapes in envelopes and tore the envelopes open but let the tapes within the envelopes when they found no money there.

The burglars also broken open a pinball machine and a "bowling" machine and removed an estimated \$8 from the coin boxes of those machines.

DEDICATE NEW

(Continued From Page 1)

John Basehore and then the two portraits were presented. The formal service of dedication was conducted by the pastor, the Rev. Dr. Paul L. Reaser. Then there was a solo by Mrs. Reaser with Mrs. Hartzell at the piano.

After the program tea was served by the ways and means committee of the Maude Miller Bible Class with Mrs. Robert Smith as chairman.

Special guests for the dedication event were Dr. and Mrs. Gresh, Leacock, Lancaster County; Dr. Edgar Miller, the Rev. and Mrs. John Bishop, members of the Church Council and Dr. and Mrs. Reaser.

PLAN ROUTE 30 BYPASS

A six-mile section of Route 30 to provide a bypass around Lancaster is being designed by Buchart Engineering Corp., York, the Department of Highways has revealed. The highway will be built on relocation and will extend from the present Route 30 about midway between Mountville and Columbia to the Route 230 bypass north of Lancaster. Traffic from the west will be able to avoid Lancaster city entirely when the link is completed. It will cost about \$6 million.

IKE TO FIGHT FOR FOREIGN AID PROGRAM

WASHINGTON (AP)—President Eisenhower is reported ready to make an even stronger fight than last year for support of his \$3,930,000,000 foreign aid request.

Some Republican leaders say they are convinced he would veto and demand reconsideration of any bill which cut deeply into the program he proposed.

Democratic leaders have indicated they may slice the mutual assistance program to offset increases in other outlays above the president's requests in his 77-billion-dollar budget.

With this in mind, Eisenhower reportedly has told associates he fears the United States might eventually be pushed back into a garrisoned hemisphere unless foreign military and economic aid is carried on at a high level.

In talks to Republican leaders at White House conferences, Eisenhower is said to have cited Viet Nam, with 125,000 men under arms, as an example of a country where defense support is absolutely necessary.

The President's reiterated statement has had the effect of whipping up more Republican backing for the program than has been available sometimes in the past.

Senate Democratic Leader Lyndon B. Johnson of Texas has claimed, for instance, that he helped restore funds to last year's program after bipartisan votes in the House to cut the amounts.

The new foreign aid proposals, to be outlined in detail in a special message Eisenhower is expected to send Congress by mid-March, offer an even more inviting target for fund reductions.

Eisenhower's insistence on a balanced budget and his talk of "Democratic spenders" have irked some Democrats. Dissatisfied with the amount he has asked for domestic programs, they may increase these and balance the increases with cuts in foreign aid.

SAYS 200,000 CARS DROP OUT OF USE YEARLY

HARRISBURG (AP)—The ravages of time each year claim about 200,000 passenger cars in Pennsylvania.

The State Motor Vehicles Bureau says that every year in the last half decade about that number of cars are consigned to the junkyard by owners and dealers. And in some instances, Robert Shreffler says, the manner in which the cars are junked often causes his bureau headaches and results in unnecessary work.

"Each year we mail out applications for thousands of cars which in the preceding 12-month period were consigned to the car graveyard," he said.

"In such a case," he said, "it usually means that the dealer or person who actually junked the car failed to conform with law and notify the department that the vehicle was taken off the road."

What should the car owner do who junked a car last year and received a registration renewal application from the bureau this year?

"Just forget about it is the best thing and the bureau will catch up with it and discontinue carrying the vehicle on its books," Shreffler advised.

The acting bureau head also estimated that 175,000 applications for passenger car registration renewals are passed each year by persons who have either moved out of the state or sold their cars out of state.

"In this case also the owner should notify the department of such a transaction or the dealer should do so," he said.

Hoffa Is Pushing Drive In South

MIAMI BEACH, Fla. (AP) — Teamsters President James R. Hoffa says his union's efforts to organize in the South "will be a hard and costly campaign."

"But we're making good gains," Hoffa said as he and the Teamsters executive board began a four-day strategy conference here today.

Hoffa told a news conference the union's progress in the cement industry was especially encouraging.

More pay, not shorter hours, was Hoffa's idea of what his teamsters want.

Plan Drive Against Bad TV And Films

PHILADELPHIA (AP) — The Roman Catholic bishops in the United States soon will launch a campaign against the "cult of violence, horror and suggestiveness in television and the movies."

This was disclosed Sunday by the Rev. Patrick J. Sullivan, assistant executive secretary of the Legion of Decency.

There is a direct link, Father Sullivan said, between juvenile delinquency and the horror episodes now being shown on television. He did not say what form the bishops' campaign would take but he said it would be announced soon.

News From Nearby Counties

FRANKLIN COUNTY

Washington Township school directors proceeded with steps to impose an amusement tax despite protests voiced by a representative of the Red Run Drive-in Theater. The tax resolution is to be adopted at the board's April 17 meeting.

Franklin County commissioners scheduled a conference for today with Chambersburg fire officials on a fire safety program at Franklin Farms, the county's institution.

William S. Upperman, Fayetteville, was convicted by a jury on a drunken driving count arising from the disturbance he caused during the Veterans Day parade in Chambersburg last November 11. He was released on \$1,000 bond pending an appeal.

CUMBERLAND COUNTY

A Louisville, Ky., trucker was arrested Friday by the state police weighing about 11 for having a 19,200-pound overload on his tractor-trailer.

Wilson S. Patrick was stopped in Silver Spring Township. The gross weight of the cargo and the tractor-trailer was 79,300 pounds, while the maximum for the vehicle is 60,000 pounds. Patrick was en route to Los Angeles with a cargo of sea food.

Patrick was taken before Justice of the Peace Robert E. Baer, New Kingston, who imposed a fine of \$1,900. Patrick appealed the charge and posted bond for his appearance at a hearing. Patrick was driving a tractor-trailer owned by Terminal Refrigerator Transport Corp., Los Angeles.

Cumberland County Commissioners have protested the action of Carlisle Borough Council in closing the public comfort stations at the court house.

In a letter to Grover C. Wingerd, council president, the commissioners refer to the accommodations as a "very necessary facility" and point out that persons having business at the court house are inconvenienced by the closing.

School Menus

Franklin Twp.

Today the Franklin Twp. youngsters were served spaghetti and hamburger sauce, peas and carrots, cole slaw, cherries, bread, butter and milk.

The schedule for the remainder of the week follows:
Tuesday, Beef vegetable or noodle soup, crackers, cheese or lunch meat sandwich on rolls, applesauce, butter and milk.

Wednesday, Sauerkraut or pork, mashed potatoes, celery or carrot sticks, peaches, bread, butter and milk.

Thursday, Frankfurters in rolls, baked beans, potato chips, fruit, butter and milk.

Friday, Browned fish, mashed potatoes, Harvord beets, Jello, bread, butter and milk.

also served on Maryland committees for special education and for juvenile delinquency.

Saint Joseph College was founded in 1809, on its present site in Emmitsburg, by Mother Elizabeth Ann Seton. The college is conducted by the Sisters of Charity, the American order of Sisters founded, also in 1809 in Emmitsburg, by Mother Seton, prominent figure in the history of Maryland and the Catholic Church in America.

On March 14, 1959, the awarding of the Saint Louise de Marillac Medal for "outstanding service on behalf of her neighbors," to a Catholic woman for the Archdiocese of Baltimore will highlight an Honors Convocation. An honorary degree, only the second such honor to be bestowed by the college in its 150-year history, will also be presented to a prominent American woman.

Alumnae of Saint Joseph College will gather for their observance of the sequentennial on the weekend of April 25. Commencement exercises, in early June, will also be arranged in accordance with the anniversary theme.

On July 31, the date of Mother Seton's arrival in Emmitsburg in 1809, the Community of the Sisters of Charity will observe the founding of their community with a special religious program.

Sister Hilda also announced plans for a Valley Home Week-end, in October, as the final event of the year's activities in connection with the college's sesquicentennial celebration.

County Agent Frank S. Zettle told the group: "I'm sure there's a future in the fruit business, and that fruit is one of the best products grown, but we have to work together to tell the people about it."

Wayne Edelman, executive secretary of state horticultural association, told of a new dues set up based on 10 cents per acre.

Hear Of Peach Council

William Lott reported on the National Peach Council and told the growers that Adams counties should join the organization in large numbers. Sixteen Adams County growers joined the group last year, against approximately 60 from Franklin County. He also reported on a peach promotion carried on by the fruit growers last summer to dispose of their crop. The \$711 spent for advertising, he said, "more than paid off."

Describing the growth of the Apple Blossom Festival during the last four years, Lott said: "It's about as big as we can handle it now. I don't think we want it to get any bigger. We don't want anything commercial about it. The growers have co-operated well by giving apples away instead of selling them and so far we've been able to keep out the hot dog salesmen and the pretzel vendors and all the rest, and we want to keep it that way."

Nelson Kane reported on the farm show apple display and said that more and more growers are cooperating. He added that "the farm show display is good advertising for Adams County apples."

Arthur Rice Jr. reported on placing of three permanent signs promoting the fruit industry "on the Route 15 bypass, on Mt. Newman and at the Ralph Tyson property." Three more signs are to be placed. Cost of the signs was \$760. Rice asked volunteers to place the remaining signs.

John F. Peters, president of the Pennsylvania Red Cherry Association, said efforts are underway to secure legislation permitting a levy on cherries for promotion. Such a \$3 a ton levy has been authorized in New York he said.

At present members of the cherry growers' group, paying \$2 a ton, provide about \$8,000 a year in income to the association, three-fourths of which goes to the national organization and the rest is used for local promotion. He also reported on experiments in marketing a syrup pack cherry "to see if the public will accept a cherry for eating, rather than for pie."

State Queen Speaks

Dr. Arthur H. Thompson, professor of pomology, University of Maryland, told of experiments on controlling bitter pit in apples with the use of boron.

Miss Marian Griest, apple blossom queen for the county and now state, spoke briefly on her activities as blossom queen. She was introduced by her grandmother, Mrs. Frederic E. Griest Sr., who has been in charge of the queen contests of the state horticultural association and others for some years.

The morning meeting was held at the Blighville Elementary School auditorium. The afternoon session was held at the C. H. Musselman Co. provided the turkey dinner for the growers. Kenneth Alwine welcomed the group on behalf of the county.

Guy Beamer, the secretary of the organization, read two sets of minutes — the one the regular minutes of the last session, the other one he had written for his own and the organization's amusement.

VIENNA, (AP) — The flow of Jewish emigrants from Romania to Israel is continuing without interruption despite the protests from the Arab states, Jewish sources here reported today.

Dispatches from Cairo have reported the United Arab Republic government plans to ask Moscow to stop the exodus from Romania and other Soviet bloc countries.

Scout Troop 42 met Wednesday at Trinity United Church of Christ. Mrs. Allen Weikert collected cookie money. Nancy Helfrick, Nancy Stevens, Nancy Kuhn and Joan Taughinbaugh led the group in games. Mrs. Ralph Bream was the leader assisted by Sally McCullough, senior aide.

DULLES GIVEN THIRD CANCER RAY ON SUNDAY

By JOE F. KANE

WASHINGTON (AP) — Secretary of State John Foster Dulles gets his third X-ray treatment for cancer today after a respite during which he had two discussions on world affairs.

While Dulles was talking about the international situation Sunday with Vice President Richard M. Nixon and later with his brother, Allen W. Dulles, several senators were disagreeing with a suggestion that the secretary resign.

Sen. Stuart Symington (D-Mo) made the suggestion Saturday in St. Louis. He said he didn't think Dulles could run the State Department from a hospital.

Sen. Hubert H. Humphrey (D-Minn) said later "Secretary Dulles is a patriot and I am sure he realizes the essential soundness of the suggestion made by Sen. Symington."

Called "Indispensable"

But Sen. Mike Mansfield of Montana, assistant Democratic floor leader, said he regards Dulles as almost indispensable at this time.

Sen. Homer Capehart (R-Ind) said Symington was carrying partisan politics too far. He called Symington's suggestion very cruel and unwarranted.

Sen. John Sparkman (D-Ala) said he saw no need for making a replacement. He said Dulles "may bounce back. If anyone can, I believe he will."

Nixon's visit with Dulles at Walter Reed Army Medical Center lasted about 45 minutes, during which they talked about the Berlin crisis.

Dulles later talked for another 45 minutes with his brother, Allen, Central Intelligence chief.

A medical bulletin Sunday said he had shown no adverse effects from his first two radiation treatments. The treatments are expected to continue six days a week, with a rest every Sunday, for three or four weeks.

MSM Closes With 103-89 Win Over St. Vincent's; Enter M-D Tournament

Mt. St. Mary's College closed out their 1958-59 basketball season in a blaze of glory as they trounced St. Vincent's of Latrobe 103-89, Saturday night on the Mount's Memorial Gym court before a capacity crowd.

After getting off to a slow start in the beginning of the season, the Mountaineers, under Coach Jim Phelan, finished above the .500 mark with a 13-12 record. St. Vincent's is now 6-13 with three games remaining.

In Saturday's game, Phelan received a boost from a couple of men who have seen limited action during the past year. Jack Gunn, a 6'1" junior, entered the ball game in the closing minutes of the first half and exhibited fine ability to connect on a variety of shots besides doing a outstanding job of rebounding and play-making. Another boy who was acquired in the second semester, who turned in a fine performance, was Joe Starke, a 6-0 senior from Washington.

The Mount played just the opposite brand of basketball than they did in the previous game with Loyola. The Marylanders were caught off guard in the first half as St. Vincent's built up a six-point lead and retained it for the first 18 minutes of the game. Co-captains Harry Folk and Bernie Patterson were the main sparks in the Bearcats' offense. Both players grabbed in rebounds, set up plays and scored 35 of their team's 42 points.

Two minutes before intermission, Gunn landed a rebound to make the score 42-41 in favor of St. Vincent's. Then the Mount went on a spree. Gunn came back with a pair of fouls followed by Bert Sheing's jump shot, a lay-up by Jerry Savage, another rebound by Gunn plus a charity toss by Gunn. At the end of the first half the Mount had taken a 50-42 lead and were never threatened.

Jerry Bohlinger, Savage, Gunn and Sheing matched shots in the second half with Peterson and Folk and at the same time built up an 11-point lead.

Late in the game with the score standing at 96-87 in favor of the Mount, Dave Samuels tossed a pair of free throws and Jack Starke landed a corner jump shot from the right side to give St. Mary's the magic 100 points.

The top scorer of the game was St. Vincent's sensation, Harry Folk, who accounted for 14 goals and 11 out of 13 fouls for 39 points. Teammate Bernie Patterson came through with 26. Again Bert Sheing and Jerry Savage led the Mount scorers with 23 and 22 points respectively while Jack Gunn tossed in 19.

On Thursday Mt. St. Mary's will take part in the annual Mason-Dixon conference tournament in Washington. Seniors Jerry Bohlinger, Bert Sheing, Tom Leonard and Joe Starke will be playing for the last time as Mountaineers.

RANGERS SNAP LOSING STREAK

By THE ASSOCIATED PRESS

The New York Rangers have strengthened their hold on fourth place in the National Hockey League after ending their seven-game winless streak and a curious third period jinx.

Treating a crowd of 15,925 in Madison Square Garden to a fine performance Sunday night, the Rangers tripped league-leading Montreal, 5-1. In other games, Boston beat Detroit 4-1 and Chicago defeated Toronto 5-1.

The results left New York with a five-point bulge over Detroit in the competition for the final Stanley Cup playoff position.

Andy Hebenton's third period goal was the Rangers' first period marker in nine games. The Ranger victory snapped a six-game Canadian win streak.

The Black Hawks scored four times in the final period to trounce the Leafs. Ted Lindsay turned in the three-goal hat trick. The Bruins victory left them three points behind second place Chicago.

In Saturday's games, Montreal blanked Boston 6-0, Toronto tied the Rangers 1-1 and Detroit beat Chicago 5-2.

DELANY NEAR FOUR-MINUTE MILE IN MEET

By ED CORRIGAN
Associated Press Sports Writer

NEW YORK (AP) — The four-minute mile indoors was closer to reality today than ever and the fellow who is on the hot spot is Ron Delany.

After his record-breaking 4:02.5 in the National AAU championships Saturday night in Madison Square Garden, the only question that remains is: When will Delany choose to do it?

If he follows his normal modus operandi it will depend on his opposition.

Won't Fight Clock
If Istvan Rozsavolgyi, Brian Hewson and Co. can push him, he'll hit the tape in four minutes. But he won't fight the clock. That's certain.

Rozsavolgyi pushed him to his record-breaker in the AAU meet. Ron's listed mark is 4:03.4, set in Chicago last year. Rozsavolgyi, a confident and talented Hungarian, aimed for 4:03 Saturday.

He started to sprint over two laps to go—almost a quarter of a mile—and Delany had to keep up with him. That, in a nutshell, is how the record was broken.

Besides the four-minute indoor mile, there likely will be a 7-2 high jump and a 65-foot shot put before the summer sets in.

5 Records Broken
John Thomas, Boston University's 17-year-old freshman, went 7-1 1/4 in the high jump, beating every world record, indoors and outdoors, then predicted that he'd do 7-2 before the summer.

Ellis soared from 42nd place in money winnings on the winter tour to 11th with \$3,823.43.

The saddest man in the rain-dogged tournament was Tommy Jacobs of Whittier, Calif. Jacobs started the last round as leader with 207. Johnston was second with 206 and Ellis was tied for third with 209.

Jacobs wound up with a 2-over-par 73 and fourth at 280.

Johnston was almost as sad. It was the second time in two weeks he had failed to win a tournament because of a double bogey on a par 3 hole. He also did it at Tucson, where Gene Littler of Singing Hills, Calif., surged past him to win by two strokes.

WERNER FACES EX-CHAMP ON SKI SLOPES

By ALAN CLINE
SQUAW VALLEY, Calif. (AP)—Buddy Werner, America's No. 1 Olympic ski hope, and ex-world champion Christian Pravda, met today in a mile-a-minute duel for the North American Alpine title.

Pravda, stylish Austrian now teaching at Sun Valley, Idaho, beat the 23-year-old power skier from Steamboat Springs, Colo., in the giant slalom Sunday, and his four-second margin in that race gave him a short lead in the combined chase.

Werner eked out a slalom victory in the Saturday opener of this Olympic dress rehearsal which runs through March 3.

5 Women Racers
In third spot, but far behind in combined points, was Marvin Melville, the 1956 Olympian and University of Utah senior.

The women's combined competition involved five racers with Beverly Anderson, University of Washington junior who ran second in the giant slalom Sunday, leading the pack. Close behind were Sally Deaver, Whitmarsh, Pa.; Joan Hannah, the giant slalom winner; Linda Meyers, Mammoth Lakes, Calif., and Stalina Kozukhina, blonde 21-year-old Russian.

Pravda's time for the tough 1 1/2 mile course Sunday was 2:06.6. Werner had a 2:04 and the No. 3 man, Stanley Harwood, McCall, Idaho, jumped to 2:08.8.

The Class A Race
Beginning from the city limits and working north and west, the Class A races around the state look like this:

Dist. 1—Chester is the outstanding favorite in the district and in the east; Ambler, West Chester, Radnor, Lansdowne - Aldan and Yeadon all are contenders. Ambler and West Chester have clinched playoff berths.

Dist. 2—Old Forge is still the district favorite although it trails Taylor in its own Lackawanna League second-half campaign after winning the first half league championship. Nanticoke appears headed for the Wyoming Valley League title. No other "A" contenders appear.

Carlisle Favored
Dist. 3—Carlisle, unbeaten in 20 games, is favored. The Central Penn race is crowded at the moment with York and Steelton leading. Reading a half-game behind. Harrisburg William Penn was the first half champion. It will probably take two playoffs to settle this conference's representative in the playoffs. Susquehanna will represent the Lower Susquehanna Conference. Spring Grove, Red Lion, York Central and Manchester from the York County League are still in the picture.

Dist. 4—Defending champion Williamsport is favored. It clinched a playoff berth Friday night. Shamokin has won the Keystone League title in a playoff with Kulpmont. Milton leads the Susquehanna League and Sayre is in front in the Roosevelt Trail.

Dist. 5—Everett has already won the title.

Indiana Likely
Dist. 6—Indiana, defending champion, is favored again. The Mountain Lions, along with Johnston, Indiana and Richland Twp. have clinched playoff berths. Lewistown and Hollidaysburg of the Mountain League, Jersey Shore and Look have of the Central States and Blairsville, Marion Center and possibly Laura Lamar of the Indiana County League are all in the running.

Dist. 7—Charlert, defending champion, and Har-Brack have nailed down the last two section titles. Meanwhile, Farrell, Washington, Midland and Turtle Creek won in the first round of playoff games. Crafton and Uniontown play tonight and Farrell and Turtle Creek and Washington and Har-Brack Tuesday night. Homestead and Midland meet Wednesday. Farrell is favored.

Dist. 8 (Pittsburgh)—Peabody and Fifth Ave. are tied for the Sec. I lead with Westinghouse one game behind; South Hills has clinched the Sec. II title. No overall favorite.

Other Districts
Dist. 9—DuBois leads the district league with a 10-1 record and one game to play. Defending champion Punxsutawney is 8-2. DuBois is favored.

Dist. 10—Erie Strong Vincent, defending champion, has clinched its Sec. I title and is favored to repeat in the district. Sharpville won the Sec. III title. Titusville and Meadville, both 7-2, lead Sec. II with one game left; Franklin, 6-3, is all but eliminated.

Dist. 11—Only Tamaqua has clinched a playoff berth. Allentown of the East Penn is favored, but still in contention are Hazleton and Allentown Central Catholic in its own league; Emmaus, Palmerton and Whitehall in the Lehigh Valley; Parkland and Wilkes-Barre in the Lehigh-Northampton, and Girardville and Mahanoy in the North Schuylkill.

Dist. 12—Michigan State (9-2) has clinched tie, needs one victory in three games for title. Plays Indiana Saturday afternoon.

ROCKY MOUNTAIN—Idaho State (7-1) has two chances to clinch—against Colorado Mines Friday and same team on Saturday.

Ask Nov. 1 Opening Date For Hunting

HARRISBURG (AP) — Pennsylvania sportsmen will be asked at their convention next month to press the State Game Commission for a Nov. 1 opening date of the hunting season.

Charles H. Neff, executive director of the Pennsylvania Federation of Sportsmen's Clubs, said a resolution to that effect has been prepared for the two-day meeting, March 20-21. It urges that the date either be Nov. 1 or the Saturday nearest.

Supporters, he said, maintain that an earlier opening has in the past caused farmers to close their fields to hunters because they have had insufficient time to harvest their corn.

Last season the small game season opened Oct. 25. A tentative opening date of Oct. 31 has been set this year.

Big George scored 33 points and grabbed 8 rebounds as the hot-shooting Nats dumped Detroit 139-108 and set an all-time home court scoring record. It also moved the third-place Nats four full games in front of fourth-place Philadelphia in the Eastern Division.

In other Sunday games, New York dumped the Warriors, 111-90. St. Louis ended Minneapolis' four-game winning streak, 120-106, and Boston defeated Cincinnati, 129-112.

Yardley played 27 minutes for Nats, who made half of their 96 field goal attempts. Gene Shue scored 21 for the Pistons as did Dolph Schayes and Johnny Kerr for the Nats.

In games Saturday, Philadelphia nipped Syracuse 113-112, Detroit beat New York 114-101 and St. Louis topped Cincinnati 121-120.

Don Newcombe Takes Lessons To Fly Plane
By JOE REICHLER
Associated Press Sports Writer

TAMPA, Fla. (AP)—Remember not so long ago when Don Newcombe was so scared of flying he had to be hypnotized to get into a plane?

Well, hold onto your parachute. The big fellow is now taking flying lessons and hopes some day to become a licensed pilot.

Honest, it's true. The 6-4 pitcher, one of the early arrivals at the Cincinnati Reds training camp disclosed today he actually has flown a plane and he is looking forward to tackling one of those giant 600-mile-an-hour jets.

"Just between us," Newcombe confided, "I'm not hysterical about flying but I've got to be practical. The players are here to stay and the ball clubs are going in for flying more and more."

"I've been taking flying lessons for more than a month now. I made my first flight from Teaneck, N.J., over the Hudson River to Ossining, N.Y. and it went off as smooth as silk."

Big Newk, all 235 pounds of him, stayed clear of airplanes until last winter.

It was the Los Angeles Dodgers' front office idea to engage a hypnotist about flying but I've got to be practical. The players are here to stay and the ball clubs are going in for flying more and more."

"I'm very sincere about getting my pilot's license. My greatest ambition right now is to fly one of those jets. They get you there so much faster."

(10-2) wins by sweeping Oregon State, Southern California and Washington State this week. Washington (10-3, but beaten twice by California) in running.

MID-AMERICAN—Miami, Ohio, can clinch by beating Ohio U. Tuesday and Kent State Saturday. Bowling Green, 8-3 to Miami's 8-1, challenges.

WEST COAST A.A.—St. Mary's of California (9-0) needs one more victory in three games remaining. Plays College of Pacific tomorrow, San Jose Friday.

SOUTHERN CONFERENCE—NCAA berth decided in conference tournament Thursday through Saturday at Richmond. West Virginia, unbeaten in loop since 1965, favored.

North Carolina Favored
That leaves the Missouri Valley, Skyline, Middle Atlantic and Atlantic Coast races still to be determined. Cincinnati leads the MVC with 9-0 to Bradley's 8-2 with five games remaining to Bradley's four. Utah's 9-1 record gives it a half game edge over Denver (9-2) in the Skyline with four left for the Utes and three for Denver.

The Middle-Atlantic berth is all set for St. Joseph's, Pa. if the Hawks beat Lehigh on March 4 or Muhlenberg on March 7.

The ACC, like the Southern, fills its NCAA berth from its own post-season tournament—beginning March 5 in Raleigh, North Carolina, despite its loss to Maryland in a 60-51 shocker Saturday, remains the favorite.

Don't Fail To Read

"The Day Christ Died" Beginning Wednesday, Author Tells Of Book

(Continued From Page 1)

lem and of Galilee and in the small villages around the land who believed that Jesus was the Messiah were disappointed. To their way of thinking, Jesus should have called legions of angels and struck down the Romans and the high priests who executed His death. He should have sat on a cloud flanked by His Apostles and proclaimed a new rule of the world. The fact that He did not—that He chose to die to redeem the sins of man—was, to their minds, a token of failure.

Finds Split Trails

Of paramount concern to me was to try to orient the facts of this day, first, a lifelong belief that Jesus is God and the second person of the Trinity; secondly, an unquenchable curiosity to which I have become enslaved; and thirdly, a feeling that Jesus truly loved everyone, and proved it. In the research, I found split trails along the road. At these points, I felt free to take the one to the left, or the one to the right. For example, was Pontius Pilate, at the Fortress Antonia on this particular day or across town in Herod's palace? A small point, perhaps, but there is evidence favoring both conclusions. In all cases, I examined the evidence and selected what, to me, seemed to be the logical trail.

One who believes in the truth of the Gospels (as I have — and do) must confess to a certain lack of objectivity. But I also claim to be a journalist; I felt that my job was, first of all, to proceed independently.

Visited Jerusalem

While researching material for this book, I made a trip to Jerusalem. There in the ancient walled city—not the beautiful new one to the west — one can still walk the way of the cross, kneel in Gethsemane, stand on top of the Mount of Olives and visualize the Holy City as it was, touch the spot where the cross stood, and 120 feet northwest walk into the Holy Sepulcher. The writer can also meet archaeologists of the several faiths, and this one did. These

dedicated men — Catholics, Jews, Episcopalians, Baptists, Methodists, Lutherans — are all eager to help, and each one adds a brush stroke to a portrait. In rough form the manuscript had critical readings by leading clerics of several faiths.

No liberties have been taken with the facts, except in minor cases for the purposes of narrative continuity of the "logic" of the story, and then only when the weight of probability points in that direction. Two examples of this are (1) the first meeting between Judas Iscariot and high priest Caiaphas; and (2) the raid of the temple guards and the Romans on the premises where the Last Supper was held. In the first instance, the Gospels of Matthew and Luke recite a few of the facts. In the second, the presence of young Mark at Gethsemane, wearing night clothes, points almost inarguably to a prior raid at the home of Mark's father, where the Last Supper was held.

If this book helps but one person to understand Jesus a little better, and to appreciate His mission, then it was worth the time. Excerpted from a chapter in "The Day Christ Died" by Jim Bishop. SAY TEACHERS NEED MORE PAY

PITTSBURGH (AP)—"The people of Pennsylvania can and should pay for a much higher quality of education," says Dr. A. N. Adleman, president of the Pennsylvania State Education Assn. Speaking at a testimonial dinner in his honor Saturday night, Dr. Adleman told 500 western Pennsylvania educators: "One of the greatest tragedies in the history of Pennsylvania could take place this year should the General Assembly assume that the Governor's Tax Study Commission report meets the needs of

the commonwealth in its expanding program of public education, higher education and related endeavors."

Adleman, who is assistant superintendent of Allegheny County schools, said there is an "urgent need of decisive action by our legislative bodies in the areas of taxation and higher mandated salaries for teachers."

INCREASE FOR PIDA FUNDS BEING URGED

HARRISBURG (AP)—A move to increase a \$1,850,000 appropriation for the Pennsylvania Industrial Development Authority developed in the Republican side of the Senate today.

Sen. James S. Berger, Senate GOP floor leader, said Sen. George B. Stevenson (R-Clinton) had mentioned plans to seek more money for the authority. The appropriation already has been approved by the Democratic-controlled House.

Stevenson was unavailable for comment.

Berger said he did not know the specific reasons for seeking an increase.

Commerce Secretary William R. Davlin had estimated the need for industrial development funds between now and the end of the biennium, May 31, at "upwards of 2 million dollars."

The 1957 Legislature appropriated 3 million dollars for the fund and the 1958 session authorized 5 million. This latter spending money, however, did not become available until mid-1956 because of the prolonged '55 session, which did not adjourn until June 1956. Davlin said the original 5 million and the 3 million from the last session all had been committed by last November.

The Senate returned today for a Monday afternoon and Tuesday morning session. The House does not return until 11 a.m. Tuesday. It also has a Wednesday session.

The two chambers booked light schedules in anticipation of the annual Pennsylvania Manufacturers Assn. dinner Tuesday night. Gov. Lawrence is to speak at the affair.

Meanwhile, Chairman Edward J. Kessler (R-Lancaster) of the Senate Finance Committee said he has received a considerable number of complaints from small merchants against the proposed increase of the state sales tax from 3 to 3½ per cent.

"I myself have not decided one way or the other about the tax but I must admit the small merchants might have a point when they complain about collection difficulties under a fractional levy," the lawmaker said.

PUC To Take Part In FPC Rate Case

HARRISBURG (AP)—The Pennsylvania Public Utility Commission will join with similar agencies from the states of New York, Tennessee and Massachusetts in the Tennessee Gas Transmission Co. rate case before the Federal Power Commission.

Chairman Leon Schwartz announced the PUC's decision over the weekend. State Atty. Gen. Anne X. Alpern had urged PUC intervention in the case.

Miss Alpern said the New England states are attempting to place too much of the proposed rate increase on the other states involved.

The cities of Pittsburgh, Cincinnati and Nashville also have joined in the case.

Snake In Power Box Means Lights Out

HAMILTON, Ohio (AP)—It wasn't a snake in the grass that disrupted power service to 30 customers of Butler Rural Electric Cooperative northwest of here. It was a snake in the sectionalizer.

That's a device on a power pole, and when the snake crawled up to it, the lights went out. No report whether it was lights out for the snake, too.

Maj. Gen. Robert F. Sink, head of the Strategic Army Command, was asked by newsmen if there were any plans to make a European test similar to the just concluded exercise Banyan Tree, in which 1,300 men were flown from the United States and dropped into Panama. He said "I have had a letter in on that for the last year and a half" with Army headquarters at the Pentagon.

Sink and Lt. Gen. Ridgely Galt, chief of the Combined Caribbean Command, estimate it would take about 700 aircraft to airlift an entire airborne division of 12,000 men.

Thus, the Army calculates, could be done with approximately 500 C130s and 200 C124s. The Air Force does not have that many C130s now, although substantial numbers of additional planes are on order.

A new model of the C130 transport, due for delivery within the next few months, will have a non-stop range up to 4,000 miles, compared with about 2,300 miles for the present C130s.

The Air Force currently has transports capable of the longer range, the C124s. They can carry tremendous loads for considerable distances. But they lack several critical features.

Powered by conventional piston engines, they are slower than the C130s driven by jet turbines linked to propellers. Their troop carrying compartments are not pressurized to make possible carrying passengers at high altitudes which are safer in combat and often make possible higher speeds.

Moreover, the giant C124s are not intended for use by paratroopers, for jumps into combat, as are the C130s.

700 For Division

The Army would like to test out its ability to fly a whole battle group of paratroopers (about 1,400 men) to Europe and parachute

TOMARK OIL'S CENTENNIAL

TITUSVILLE, Pa. (AP)—One hundred years ago came Aug. 27, Col. Edwin L. Drake brought in an oil well near this small northwestern Pennsylvania community.

From it gushed one of the nation's greatest industries, one which helped catapult the United States into the front among world powers.

The center of the industry long since has moved to the southwestern United States but Titusville is getting ready to celebrate its role in the petroleum age.

The Centennial of Oil will be the biggest celebration this community of 9,000 has ever seen, slightly reminiscent of the boom which followed Col. Drake's discovery.

The observance will formally begin with a memorial service at the grave of Col. Drake in Woodland Cemetery in Titusville on March 29, his birthday.

A number of spring and summer events are planned by Oil Centennial, Inc., climaxed by the "Second Century Conclave of Oil" on Aug. 27.

Ever see "Melanzana con Vitella" listed on the menu of an Italian restaurant? Order the dish and you'll get a savory combination of eggplant baked with veal.

LIVING COSTS FOR GEORGE AND MARTHA HARD TO FIX

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—George and Martha Washington didn't have a government consumer price index to tell them if their living costs were rising.

They never even heard of that sort of government activity. A lot of the things you buy cost them much less. A lot of things you use they never heard of.

The government has just told us that it cost a bit more to live in January than it did in December.

Hard To Compile
The classic way of comparing today's high prices with the past is to ask: How much did a dozen eggs, a quart of milk, a loaf of bread cost in President Washington's day? The answers are counted out to floor you.

But look at it for a moment.

WAYS TO BAR MINE FLOODING BEING SOUGHT

HARRISBURG (AP)—Gov. Lawrence has called several top engineers to a meeting Tuesday to discuss ways to prevent further mine flooding in the Wyoming Valley.

Lawrence said the meeting will be the first in a series of meetings "in an attempt to find an early solution to this critical problem."

The Susquehanna River broke into the Knox Coal Co. mine at Port Griffith near Pittsburg Jan. 22. Twelve men were trapped by the cold, rushing waters and entombed in the mine.

Seeks Technical Help
Lawrence said he called the meetings to seek "further technical help" after receiving a report from Richard Gerstell, state Civil Defense director.

He said Gerstell reported that the "problems faced in sealing off the river permanently are far more complex and extensive than anticipated earlier."

The governor said the experts will be asked to "offer suggestions as to how the Commonwealth might proceed with immediate emergency work designed to build a river seal which reasonably

could be expected to withstand the high river waters normally occurring in March and April of each year."

Would Speed Up Shortway Work

WILLIAMSPORT, Pa. (AP)—Members of the Keystone Shortway Assn. plan a new appeal for early construction of the super-highway.

C. E. Noyes of Williamsport, executive director of the association, said eight members would come to Harrisburg Wednesday to present the association's case to Gov. Lawrence personally.

The delegation also will ask the governor for his views on problems involved in construction of the shortway and other federal interstate highways in Pennsylvania, Noyes said.

The shortway would cross the state between Sharon and Stroudsburg.

USSR To Launch New Atomic Ship

LONDON (AP)—The Soviet Union says the world's first atomic surface ship soon will be ready to put to sea.

Moscow radio gave some details of the 16,000-ton icebreaker Lenin which was launched at Leningrad in December 1957.

The broadcast said the Lenin, which is completing dockside tests

could be expected to withstand the high river waters normally occurring in March and April of each year."

ARGUMENTS IN GREEN TRIAL NEXT 2 DAYS

LEWISBURG, Pa. (AP)—U. S. District Judge Frederick V. Follmer gave attorneys an opportunity to present arguments on motions for directed verdicts of acquittal today in the conspiracy trial of U. S. Rep. William J. Green and six co-defendants.

The trial has been in recess since last Monday when the government rested its case.

Green and the six others are charged with conspiracy to cheat the government in the construction of the U. S. Army Signal Corps depot at Tobyhanna, near Scranton.

Jury On Wednesday
The long recess was called last Monday, first day of the trial's sixth week. Chief prosecutor Oliver Dibble had presented testimony from 68 witnesses and offered almost 150 exhibits before completing the government's case.

The jury was ordered to report back Wednesday, leaving a full lion-dollar depot.

two days, if necessary, for attorneys to argue the motions.

Judge Follmer said the recess was needed to allow the court time to examine and fully evaluate the volume of testimony so far in the trial.

All of the defendants except Green and former Democratic Congressman Herbert J. McGlinchey, Philadelphia, are contractors who did work at the 33-million-dollar depot.
